CLINICAL/TECHNICAL MULTIDISCIPLINARY

It's all About Chewing! Temporomandibular Disorders (TMD) and Occlusion
09:30 - 10:15

Salvador Congost

MULTIDISCIPLINAR CLÍNICO/TÉCNICO

The implantoprosthesis connection is not only a mechanical element: it is also biological
10:15 - 11:00

Juan Manuel Vadillo

PROTHESIS

Simplified protocol to increase the vertical dimension of occlusion. Predictability of rehabilitation difficulty.
09:30 - 10:15

Álvaro Ferrando

PROTHESIS

Digital occlusion: What works and what doesn't
10:15 - 11:00

Marta Revilla

INDUSTRY SYMPOSIUM

Evolution of the B.O.P.T.
09:30 - 10:15

Ignazio Loi

INDUSTRY SYMPOSIUM

Building on firm foundations: Attachments in digital implant prosthesis
10:15 - 11:00

Carlos Parra
 Alejandro Sánchez

TALLERES

How do we establish maintenance intervals for each patient? How often should they come?
09:30 - 11:00

Alberto Salgado

TALLERES

Configuration and application of the Ergonomic Oral Photography Protocol (PEFO)
09:30 - 11:00

CLINICAL/TECHNICAL MULTIDISCIPLINARY

Additive prosthodontics and bruxism
12:15 - 13:45

Francesca Vailati

PROTHESIS

Find your vertical side beyond the tooth
11:30 - 12:15

Rubén Agustín
 Martín Laguna

PROTHESIS

Emergence Profile Design: Clinically guided or Biologically guided?
12:15 - 13:00

Asier Eguía del Valle

PROTHESIS

Benefits and considerations of new prosthetic protocols in immediate implantology
13:00 - 13:45

Arturo Llobell

INDUSTRY SYMPOSIUM

Keys to stability of peri-implant tissues. Pillars against peri-implantitis
11:30 - 12:15

Pedro Barrio

INDUSTRY SYMPOSIUM

Multifix, the prosthesis revolution
12:15 - 13:00

Daniel Cárcamo

INDUSTRY SYMPOSIUM

THE guided aesthetics
13:00 - 13:45

Santiago Carreras i Figols
 Marta Paradís

WORKSHOPS

Bright: New preparation concepts in adhesive aesthetics in the digital age.

Markus Blatz

EPA 2025 CONGRESS PRESENTATION
15:15 - 15:20

EPA SYMPOSIUM

Total fit workflow in implant prosthodontics: 6 steps
15:15 - 15:40

Vygandas Rutkunas

EPA SYMPOSIUM

Novel prosthetic digital workflow at the service of full-arch implant restorations: new solutions to overcome the limitations
15:45 - 16:10

Eitan Mijiritsky

EPA SYMPOSIUM

Clinical occlusion analysis in dental treatment
16:15 - 16:40

Teresa Sierpiska

INDUSTRY SYMPOSIUM

Guided implantology, key factors to optimize the success of your surgeries and immediate loading.
15:15 - 16:00

Beatriz Anitua

INDUSTRY SYMPOSIUM

Importance of the peri-implant phenotype in implant therapy
16:00 - 16:45

Gustavo Ávila

WORKSHOPS

Prevention and treatment of peri-implant pathologies
15:15 - 16:45

José Nart

WORKSHOPS

Advanced lighting in oral photography. Photograph of case completion.

Acorán Borges Gil

Coffee break at ExpoSEPEP
16:45 - 17:15

BRD SCIENCE

Introduction to the 8 hours course on October 12th
17:15 - 18:45

Pascal Magne

EPA SYMPOSIUM

Crafting Perfection: Ceramic Restorations and Predictable Esthetics through Digital Solutions
17:15 - 17:40

George Papavasiliou

EPA SYMPOSIUM

Precision Dentistry: Transforming Dental Implants Through Digital Technology and AI Solutions
17:40 - 18:05

Phopi Kamposiora

EPA SYMPOSIUM

Reconstruction Materials in Dentistry: Subtractive or Additive?
18:05 - 18:30

Mutlu Özcam

EPA SYMPOSIUM

Past present and future about restoration of endodontically treated teeth
18:30 - 18:55

Marco Ferrari

INDUSTRY SYMPOSIUM

Intelligent and consistent digitization
17:15 - 18:00

Beatriz Martín Nieto

INDUSTRY SYMPOSIUM

Just Guide it
18:00 - 18:45

Miguel Murua
 Félix Wucherpenning

WORKSHOPS

Updating the digital flow in the dental clinic
17:15 - 18:45

Ana Roig
 Carlos Belarra

WORKSHOPS

Guided surgery with the OneGuide System
17:15 - 18:45

Antonio Nuñez
